

1. Questions

Study the following information carefully and answer the given questions

P6#Q means P is 6m to the North of Q

P6\$Q means P is 6m to the South of Q

P6%Q means P is 6m to the East of Q

P6&Q means P is 6m to the West of Q

P#%Q means P is to the Northeast of Q

Similarly, the symbols are combined for Northwest, Southeast and Southwest.

Note: Here, P and Q are the station names and not all buses are required to travel all stations.

Bus 1: A16&Z, J10\$A, M9&J, D18#M, K29%D, P9#K, Y4&P

Bus 2: F6&E, G13#F, H19&G, A39#H, Y25%L, L#&A

Bus 3: N32%Z, R4#N, S8&R, T4#S, K20&T

Which of the following statement(s) is/are TRUE with respect to the final arrangement?

I). Point A is to the north west of point F

II). Point F, point G and point K form a straight line.

III). Point P is to the south west of point F.

- a. Only I and III
- b. Only I and II
- c. Only III
- d. Only I
- e. All I, II and III

2. Questions

What is the shortest distance between the point L and point M as per the final arrangement?

- a. 28m
- b. 29m
- c. 30m
- d. 27m
- e. 26m

@QuizByMickey

3. Questions

Four of the following five pairs of points are alike in a certain way based on the directions in the

given arrangement and thus form a group. Which one of the following does not belong to the group?

- a. LK
- b. DG
- c. KG
- d. JE
- e. SN

4. Questions

Point L is to the ___ of point K and ___ to the ___ of point D as per the final arrangement?

- a. Northeast, 9m, south
- b. West, 16m, north
- c. Northwest, 15m, south
- d. North, 9m, north
- e. Northwest, 9m, north

5. Questions

What is the total distance between point A and point E based on the final arrangement?

- a. 69m
- b. 77m
- c. 67m
- d. 81m
- e. 79m

6. Questions

Study the following information carefully and answer the given questions.

Twelve persons – O, P, Q, R, S, T, U, V, W, X, Y and Z are working in three different banks, namely Bank of Baroda (BOB), State Bank of India (SBI) and Punjab National Bank (PNB). At least three persons but not more than five persons work in the same bank.

Note: If it's said that A works with B, then it means both persons work in the same bank.

V and R are working in the same bank. W and Q are working in different banks, but neither of them works with both V and X. Neither X nor Q works in the State Bank of India. W and T are working in different banks. S and Y are working in the same bank, but not in Bank of Baroda. P and T are working in different banks, but neither of them works in Punjab National Bank. Both P and T don't work with Y. O doesn't work in the State Bank of India. Z works neither in the Bank of Baroda nor with both P and O.

Which of the following bank has the maximum number of employees as per the final arrangement?

- a. SBI
- b. PNB
- c. BOB
- d. Either a or c
- e. Either b or c

7. Questions

Which of the following statement(s) is/are TRUE with respect to the final arrangement?

- a. R works in PNB
- b. Q and T are working in the same bank
- c. More than three persons are working in SBI
- d. V works in BOB
- e. T works in SBI

8. Questions

Four of the following five are alike in a certain way based on the given arrangement and thus form a group. Which one of the following does not belong to the group?

- a. P
- b. R
- c. X
- d. T
- e. V

9. Questions

Which of the following pair of bank and employee is the correct combination as per the final arrangement?

- a. BOB - T
- b. PNB - Q
- c. SBI - U
- d. PNB - Y
- e. All of the above

10. Questions

If Q and T are interchanged their banks, then which of the following person works with T?

- a. O
- b. Y
- c. W
- d. U
- e. P

11. Questions

Study the following information carefully and answer the given questions

Eight function Hall- P, Q, R, S, T, U, V and W were booked in eight different months of the same year.

Note: January, March, May, July, September and November are considered as odd-numbered months similarly, February, April, June, August, October and December are considered as even-numbered months.

Only two halls were booked before Hall S. Hall W was booked three months after Hall S booked. Hall T, which was not booked as the last hall, was booked in the adjacent month of Hall W. T was not booked in October month. No hall was booked in the first and the last months of the year. Only one month was vacant in odd-numbered months of the year. The number of halls booked before Hall W is **three more than** the number of halls booked after Hall W. Hall V and Hall P were booked in adjacent months, but both were booked after hall S. Neither Hall R nor Hall U was booked in an even-numbered month. Hall V was booked in an even-numbered month after Hall U. Hall U was not booked as the first hall of the year.

Which of the following month does the Hall Q book according to the final arrangement?

- a. April
- b. May
- c. February
- d. March
- e. June

12. Questions

How many halls were booked between Hall U and Hall P as per the final arrangement?

- a. As many halls were booked after Hall S
- b. As many halls were booked between the Hall Q and Hall P
- c. As many halls were booked after Hall T
- d. As many halls were booked before Hall Q
- e. As many halls were booked after Hall W

13. Questions

Which of the following hall was booked exactly between Hall S and Hall T?

- a. Hall P
- b. Hall Q
- c. Hall V
- d. Hall U
- e. Hall R

14. Questions

Which of the following combination(s) is/are TRUE with respect to the final arrangement?

- a. Hall Q was booked as the first hall of the year
- b. Hall R was booked as the second last booked hall of the year
- c. Hall W was booked immediately after Hall P
- d. Both a and c
- e. Hall P was booked in October

15. Questions

How many months were between the booking months of Hall T and Hall W?

- a. Two
- b. None
- c. One
- d. Three
- e. More than three

16. Questions

Study the following information carefully and answer the given questions

Ten persons - A, B, C, D, E, F, G, H, I and J reach the Airport, and they all sit in an airport lounge in three parallel rows with five seats in each row, and all of them are facing the north direction. The seats of row 1 are exactly north to the seats of row 2 and the seats of row 2 are exactly north to the seats of row 3. They all are visiting four different countries namely Russia, Greece, France and the USA. Each person visits only one country. At least two persons and not more than four persons visit each country.

B sits to the north of J and south of A, who visits Russia. D sits second to the right of B. I sits to the immediate southeast of B. Only one person sits between I and E. B does not visit France. I visits the same country as B. H sits to the immediate north of E. C sits to the immediate northwest of H. E visits Greece. G visits the same country as only D, but both of them visit neither Greece nor France. No one sits between B and G. F, who doesn't sit to the left of A, sits to the north of G. Both C and A visit the same country. The person who sits to the immediate south of B visits France. The person who sits to the immediate left

of C visits the same country as the person who sits to the immediate left of I. H does not visit both France and the USA. Both C and J are not sitting at any extreme end of the rows. More than two persons visit Greece. The person who sits to the immediate southeast of C does not visit Russia.

Who among the following persons visit Greece as per the final arrangement?

- a. D
- b. H
- c. I
- d. A
- e. Both b and c

17. Questions

How many persons sit between B and E as per the final arrangement?

- a. More than two
- b. Can't be determined
- c. Two
- d. None
- e. One

18. Questions

If the positions of A and D are interchanged, then which of the following person sits adjacent to A and which country does that person visit?

- a. G, USA
- b. H, Greece
- c. F, France
- d. Both a and b
- e. None of the above

@QuizByMickey

19. Questions

Which of the following country is visited by E based on the final arrangement?

- a. Greece
- b. USA
- c. Russia
- d. France
- e. Cannot be determined

20. Questions

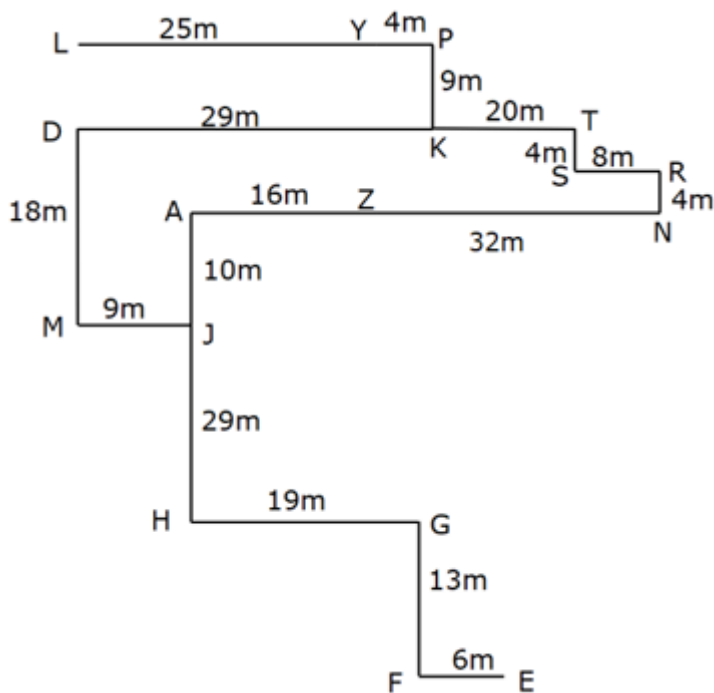

How many persons visit the USA according to the final arrangement?

- One
- None
- Two
- Three
- Four

Explanations:

1. Questions

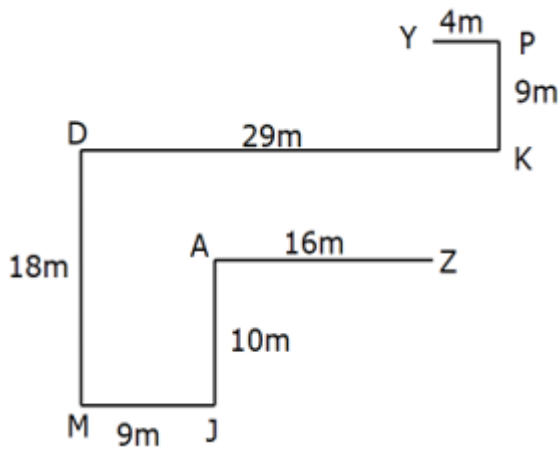

Final Arrangement:

We have,

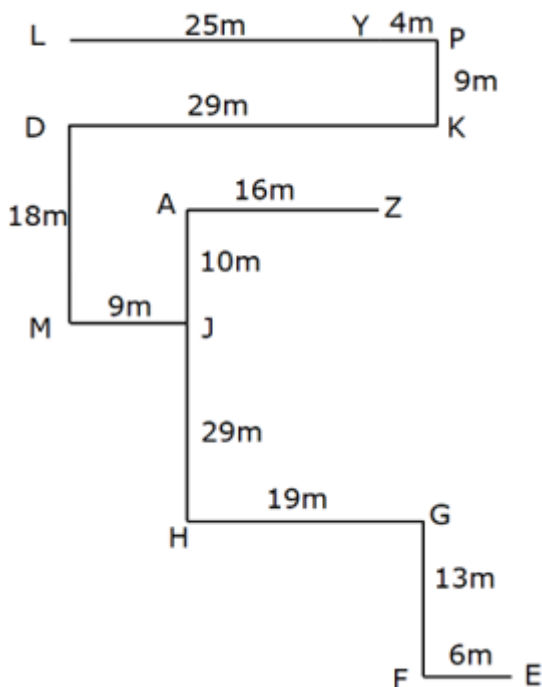

@QuizByMickey

- Bus 1: A16&Z, J10\$A, M9&J, D18#M, K29%D, P9#K, Y4&P

Again, we have,

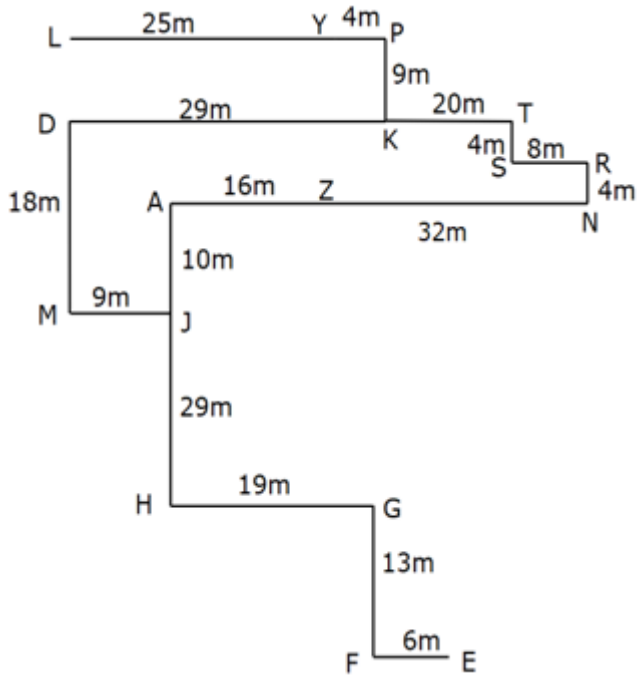

- Bus 2: F6&E, G13#F, H19&G, A39#H, Y25%L, L#&A

Again, we have,

- Bus 3: N32%Z, R4#N, S8&R, T4#S, K20&T

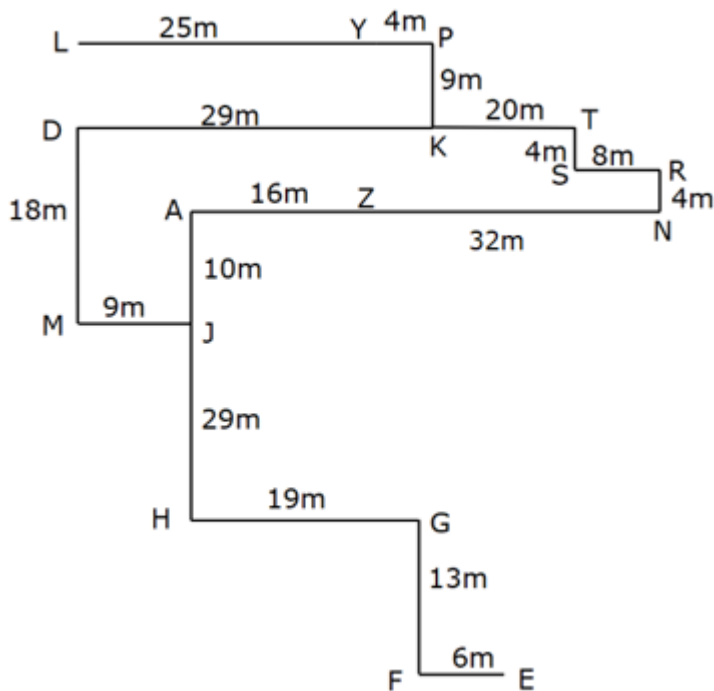

@QuizByMickey

Answer: A

2. Questions

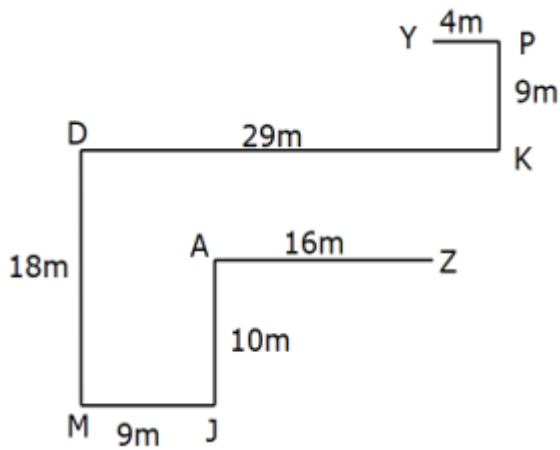

Final Arrangement:

@QuizByMickey

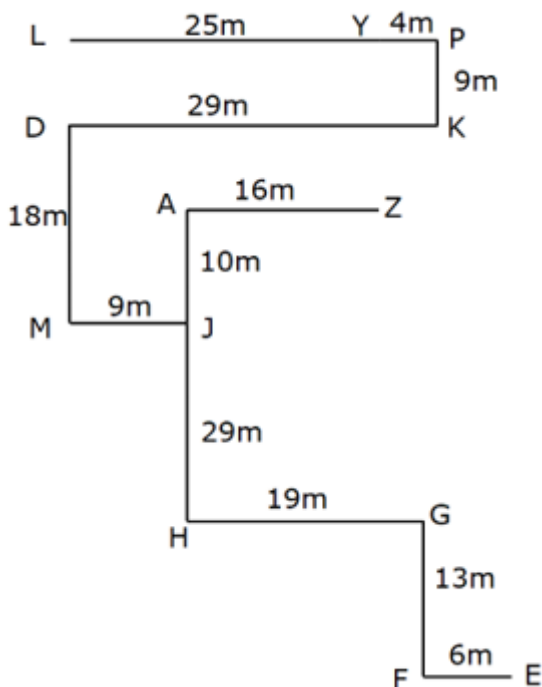

We have,

- Bus 1: A16&Z, J10\$A, M9&J, D18#M, K29%D, P9#K, Y4&P

Again, we have,

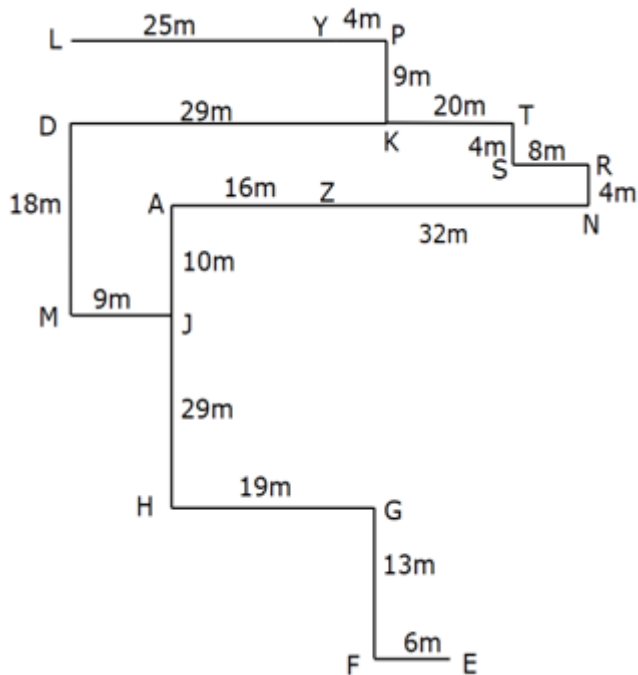

- Bus 2: F6&E, G13#F, H19&G, A39#H, Y25%L, L#&A

Again, we have,

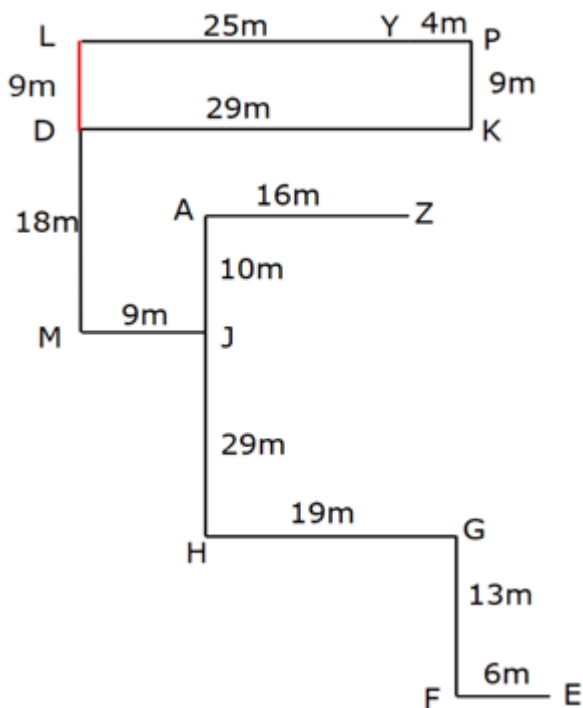

- Bus 3: N32%Z, R4#N, S8&R, T4#S, K20&T

@QuizByMickey

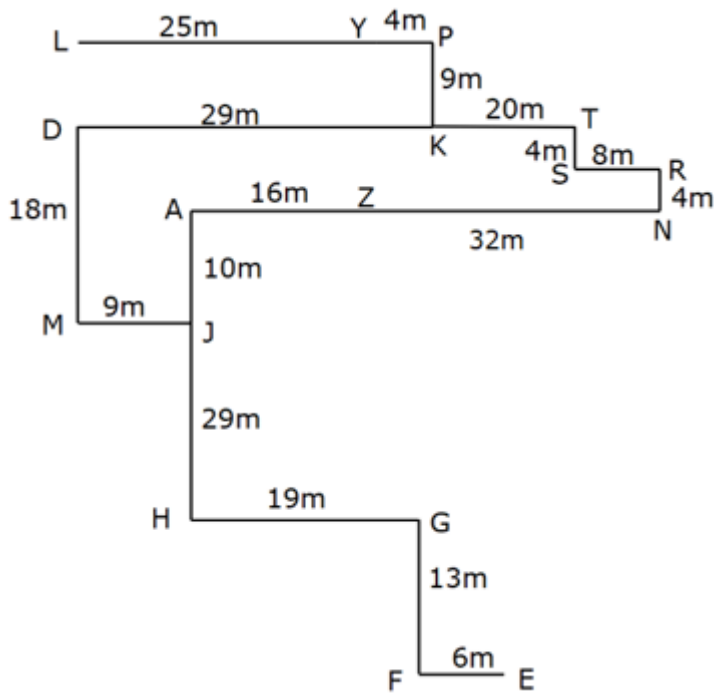

Answer: D

Total distance between point L and point M = $18+9 = 27$ m

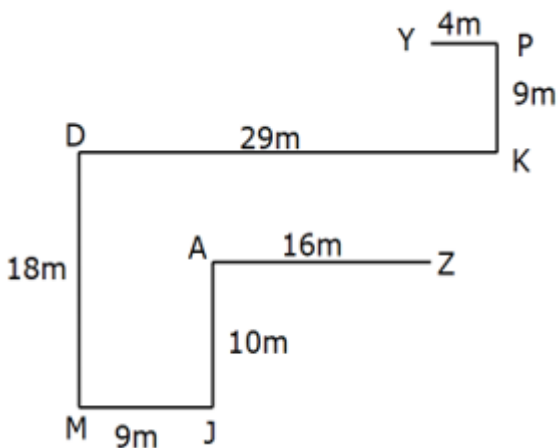

3. Questions

Final Arrangement:

We have,

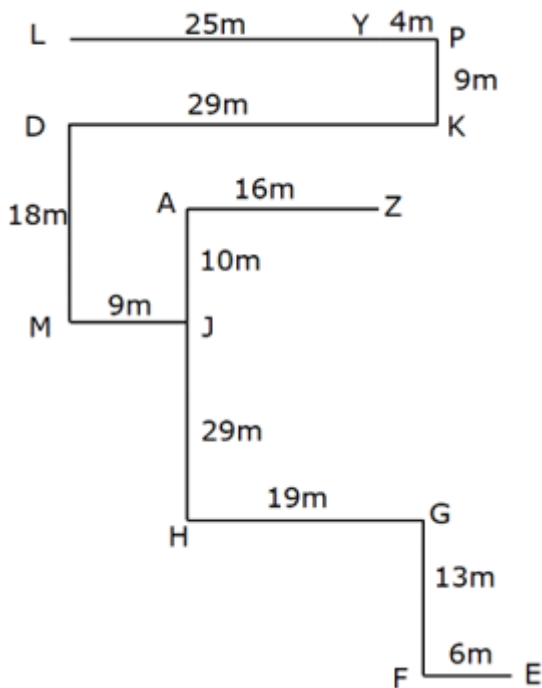

- Bus 1: A16&Z, J10\$A, M9&J, D18#M, K29%D, P9#K, Y4&P

Again, we have,

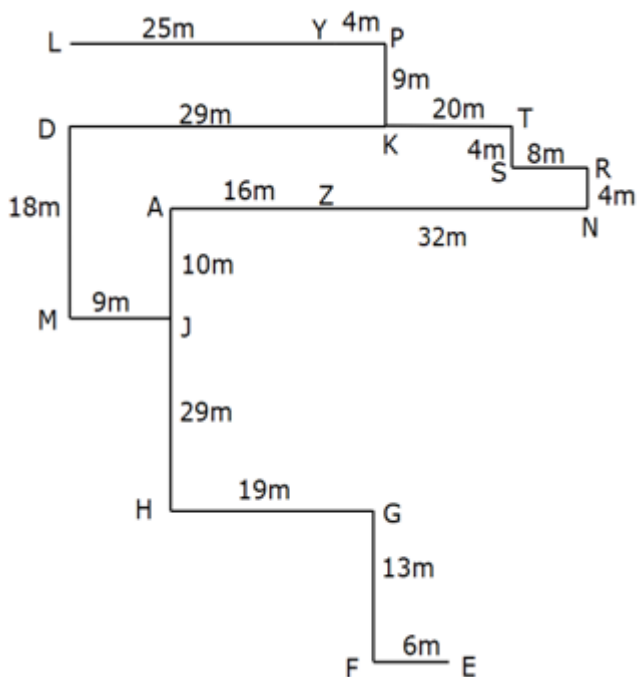

- Bus 2: F6&E, G13#F, H19&G, A39#H, Y25%L, L#&A

@QuizByMickey

Again, we have,

- Bus 3: N32%Z, R4#N, S8&R, T4#S, K20&T

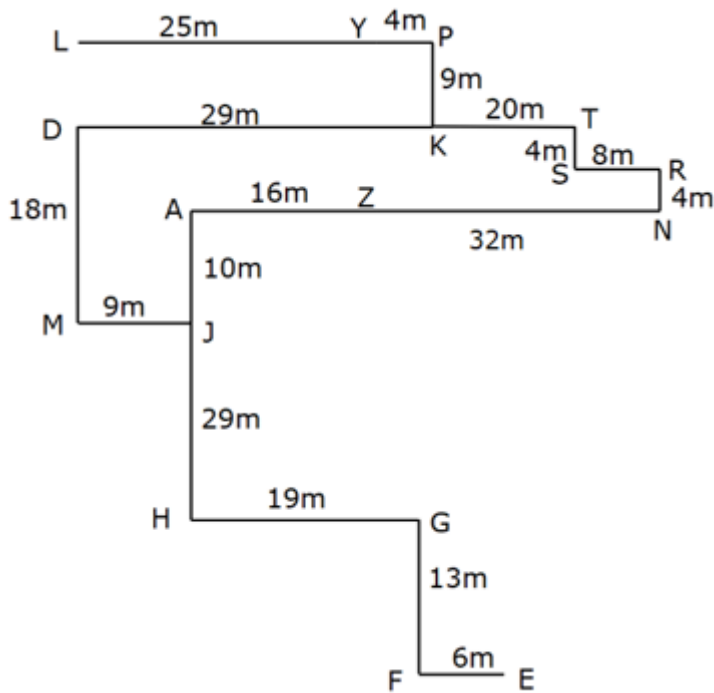

@QuizByMickey

Answer: C (Except option C, In all other options, the 1st point is to the north west of the second point)

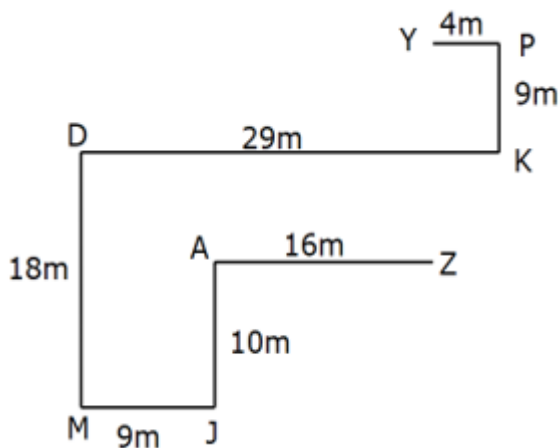

4. Questions

Final Arrangement:

We have,

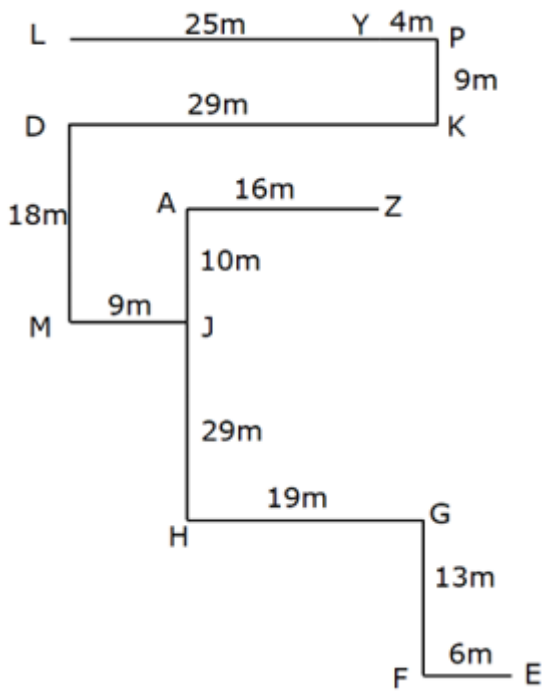

- Bus 1: A16&Z, J10\$A, M9&J, D18#M, K29%D, P9#K, Y4&P

Again, we have,

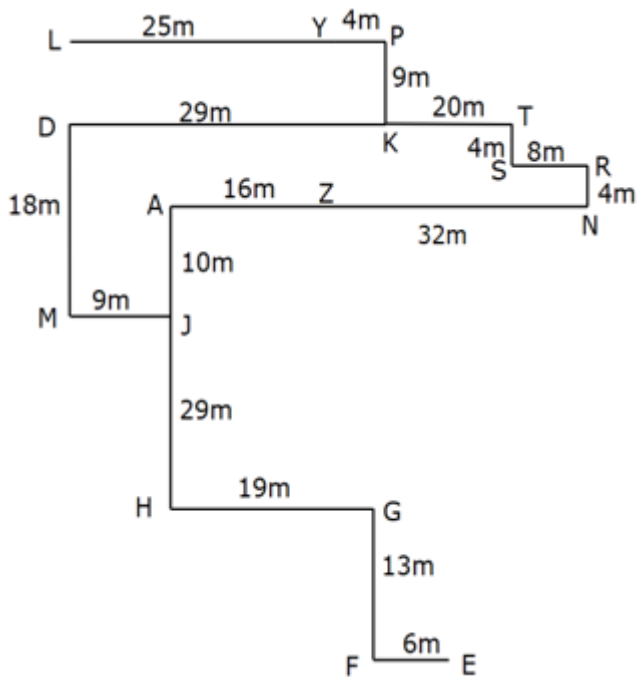

- Bus 2: F6&E, G13#F, H19&G, A39#H, Y25%L, L#&A

@QuizByMickey

Again, we have,

- Bus 3: N32%Z, R4#N, S8&R, T4#S, K20&T

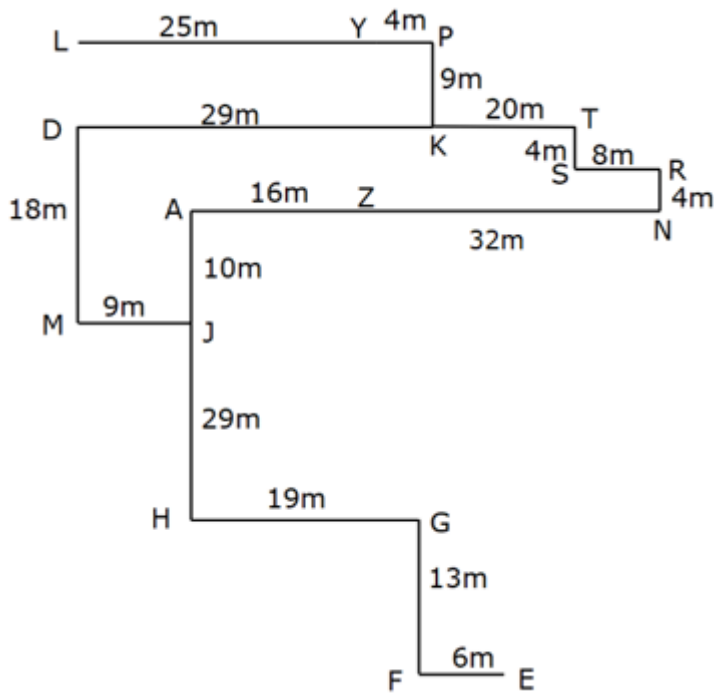

@QuizByMickey

Answer: E

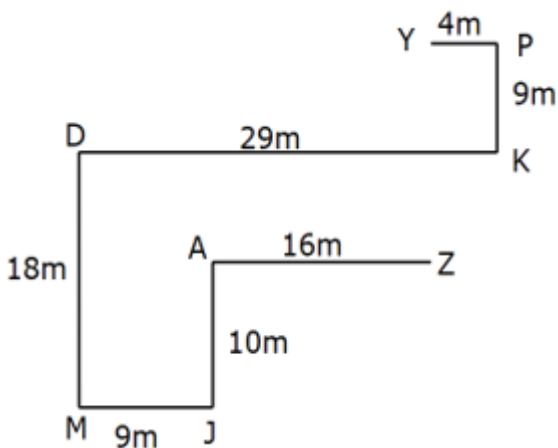

5. Questions

Final Arrangement:

We have,

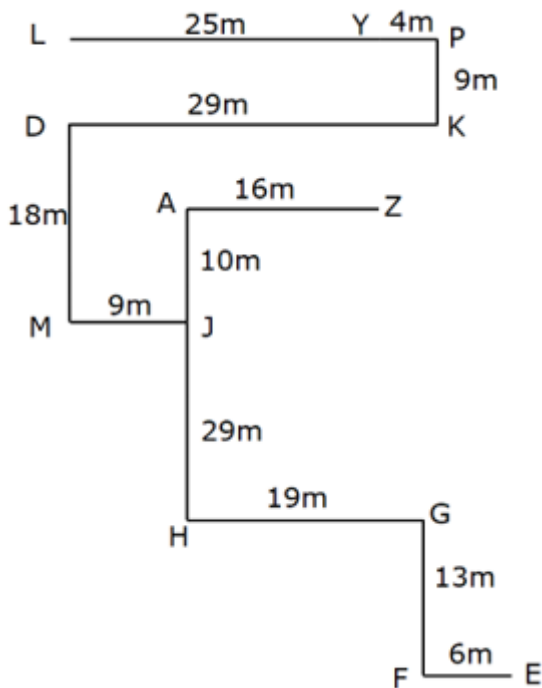

- Bus 1: A16&Z, J10\$A, M9&J, D18#M, K29%D, P9#K, Y4&P

Again, we have,

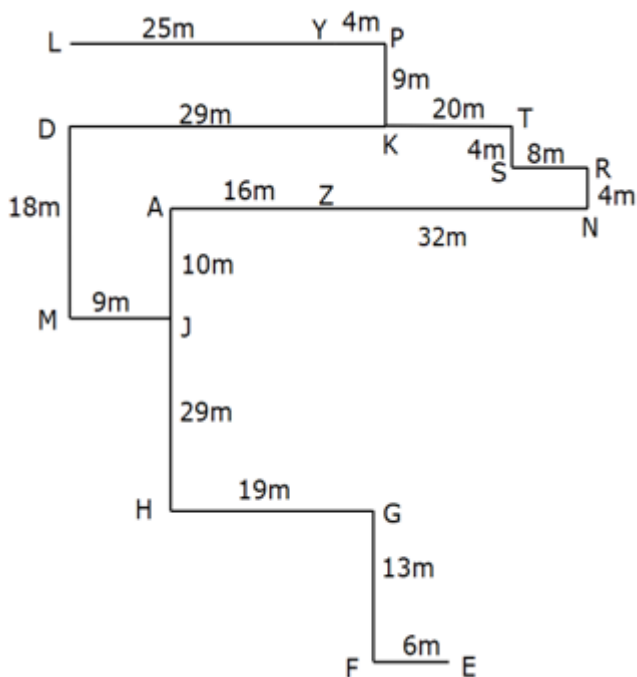

- Bus 2: F6&E, G13#F, H19&G, A39#H, Y25%L, L#&A

@QuizByMickey

Again, we have,

- Bus 3: N32%Z, R4#N, S8&R, T4#S, K20&T

@QuizByMickey

Answer: B

6. Questions

Final Arrangement:

Banks	Persons
SBI	W, P, U
PNB	Q, S, Y, Z
BOB	V, R, X, T, O

We have,

- V and R are working in the same bank.
- W and Q are working in different banks, but neither of them works with both V and X.
- Neither X nor Q works in the State Bank of India.

From the above conditions, there are two possibilities.

Banks	Persons	
	Case 1	Case 2
SBI	W	W
PNB	V, R, X	Q
BOB	Q	V, R, X

Again, we have,

- W and T are working in different banks.
- S and Y are working in the same bank, but not in Bank of Baroda.
- P and T are working in different banks, but neither of them works in Punjab National Bank.
- Both P and T don't work with Y.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P
PNB	V, R, X, S, Y	Q, S, Y
BOB	Q, T	V, R, X, T

Again, we have,

- O doesn't work in the State Bank of India.
- Z works neither in the Bank of Baroda nor with both P and O.

@QuizByMickey

From the above conditions, case-1 gets eliminated, because Z works neither in Bank of Baroda nor with both P and O, which is not satisfied.

Hence, case-2 shows the final arrangement.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P, U
PNB	V, R, X, S, Y	Q, S, Y, Z
BOB	Q, T, O	V, R, X, T, O

Answer: C

7. Questions

Final Arrangement:

Banks	Persons
SBI	W, P, U
PNB	Q, S, Y, Z
BOB	V, R, X, T, O

We have,

- V and R are working in the same bank.
- W and Q are working in different banks, but neither of them works with both V and X.
- Neither X nor Q works in the State Bank of India.

From the above conditions, there are two possibilities.

Banks	Persons	
	Case 1	Case 2
SBI	W	W
PNB	V, R, X	Q
BOB	Q	V, R, X

@QuizByMickey

Again, we have,

- W and T are working in different banks.
- S and Y are working in the same bank, but not in Bank of Baroda.
- P and T are working in different banks, but neither of them works in Punjab National Bank.

- Both P and T don't work with Y.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P
PNB	V, R, X, S, Y	Q, S, Y
BOB	Q, T	V, R, X, T

Again, we have,

- O doesn't work in the State Bank of India.
- Z works neither in the Bank of Baroda nor with both P and O.

From the above conditions, case-1 gets eliminated, because Z works neither in Bank of Baroda nor with both P and O, which is not satisfied.

Hence, case-2 shows the final arrangement.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P, U
PNB	V, R, X, S, Y	Q, S, Y, Z
BOB	Q, T, O	V, R, X, T, O

Answer: D

8. Questions

Final Arrangement:

Banks	Persons
SBI	W, P, U
PNB	Q, S, Y, Z
BOB	V, R, X, T, O

@QuizByMickey

We have,

- V and R are working in the same bank.
- W and Q are working in different banks, but neither of them works with both V and X.
- Neither X nor Q works in the State Bank of India.

From the above conditions, there are two possibilities.

Banks	Persons	
	Case 1	Case 2
SBI	W	W
PNB	V, R, X	Q
BOB	Q	V, R, X

Again, we have,

- W and T are working in different banks.
- S and Y are working in the same bank, but not in Bank of Baroda.
- P and T are working in different banks, but neither of them works in Punjab National Bank.
- Both P and T don't work with Y.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P
PNB	V, R, X, S, Y	Q, S, Y
BOB	Q, T	V, R, X, T

Again, we have,

- O doesn't work in the State Bank of India.
- Z works neither in the Bank of Baroda nor with both P and O.

From the above conditions, case-1 gets eliminated, because Z works neither in Bank of Baroda nor with both P and O, which is not satisfied.

Hence, case-2 shows the final arrangement.

@QuizByMickey

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P, U
PNB	V, R, X, S, Y	Q, S, Y, Z
BOB	Q, T, O	V, R, X, T, O

Answer: A (All other persons are working in the same bank, except option A)

9. Questions

Final Arrangement:

Banks	Persons
SBI	W, P, U
PNB	Q, S, Y, Z
BOB	V, R, X, T, O

We have,

- V and R are working in the same bank.
- W and Q are working in different banks, but neither of them works with both V and X.
- Neither X nor Q works in the State Bank of India.

From the above conditions, there are two possibilities.

Banks	Persons	
	Case 1	Case 2
SBI	W	W
PNB	V, R, X	Q
BOB	Q	V, R, X

Again, we have,

- W and T are working in different banks.
- S and Y are working in the same bank, but not in Bank of Baroda.
- P and T are working in different banks, but neither of them works in Punjab National Bank.
- Both P and T don't work with Y.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P
PNB	V, R, X, S, Y	Q, S, Y
BOB	Q, T	V, R, X, T

Again, we have,

@QuizByMickey

- O doesn't work in the State Bank of India.
- Z works neither in the Bank of Baroda nor with both P and O.

From the above conditions, case-1 gets eliminated, because Z works neither in Bank of Baroda nor with both P and O, which is not satisfied.

Hence, case-2 shows the final arrangement.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P, U
PNB	V, R, X, S, Y	Q, S, Y, Z
BOB	Q, T, O	V, R, X, T, O

Answer: E

10. Questions

Final Arrangement:

Banks	Persons
SBI	W, P, U
PNB	Q, S, Y, Z
BOB	V, R, X, T, O

We have,

- V and R are working in the same bank.
- W and Q are working in different banks, but neither of them works with both V and X.
- Neither X nor Q works in the State Bank of India.

From the above conditions, there are two possibilities.

Banks	Persons	
	Case 1	Case 2
SBI	W	W
PNB	V, R, X	Q
BOB	Q	V, R, X

Again, we have,

@QuizByMickey

- W and T are working in different banks.
- S and Y are working in the same bank, but not in Bank of Baroda.
- P and T are working in different banks, but neither of them works in Punjab National Bank.
- Both P and T don't work with Y.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P
PNB	V, R, X, S, Y	Q, S, Y
BOB	Q, T	V, R, X, T

Again, we have,

- O doesn't work in the State Bank of India.
- Z works neither in the Bank of Baroda nor with both P and O.

From the above conditions, case-1 gets eliminated, because Z works neither in Bank of Baroda nor with both P and O, which is not satisfied.

Hence, case-2 shows the final arrangement.

Banks	Persons	
	Case 1	Case 2
SBI	W, P	W, P, U
PNB	V, R, X, S, Y	Q, S, Y, Z
BOB	Q, T, O	V, R, X, T, O

Answer: B

11. Questions

Final arrangement:

@QuizByMickey

Months	Hall Name
January	Not booked
February	Q
March	U
April	Not booked
May	S
June	V
July	P
August	W
September	T
October	Not booked
November	R
December	Not booked

We have,

- Only two halls were booked before Hall S.
- Hall W was booked three months after Hall S booked.
- Hall T, which was not booked as the last hall, was booked immediately after the month of Hall W.
- T was not booked in October month.
- No hall was booked in the first and the last months of the year.
- Only one month was vacant in odd-numbered months of the year.

From the above conditions, there are three possibilities.

@QuizByMickey

Months	Hall Name		
	Case 1	Case 2	Case 3
January	Not booked	Not booked	Not booked
February		Not Booked	
March			
April	S		Not Booked
May		S	S
June	Not Booked		
July	W		
August	T	W	W
September		T	T
October			
November			
December	Not booked	Not booked	Not booked

Again, we have,

- The number of halls booked before Hall W is **three more than** the number of halls booked after Hall W.

From the above conditions, case 1 gets eliminated because the number of halls booked before W is **three more than** the number of halls booked after hall W, which is not satisfied.

@QuizByMickey

Months	Hall Name		
	Case 1	Case 2	Case 3
January	Not booked	Not booked	Not booked
February		Not Booked	
March			
April	S		Not Booked
May		S	S
June	Not Booked		
July	W		
August	T	W	W
September		T	T
October		Not booked	Not booked
November			
December	Not booked	Not booked	Not booked

Again, we have,

- Hall V and Hall P were booked in adjacent months but both were booked after Hall S.
- Neither Hall R nor Hall U was booked in an even-numbered month.
- Hall V was booked in an even-numbered month after Hall U.
- Hall U was not booked as the first hall of the year.

From the above conditions, case-2 gets eliminated because Hall U was not booked as the first hall of the year, which is not satisfied.

Hence, case 3 shows the final arrangement.

@QuizByMickey

Months	Hall Name	
	Case 2	Case 3
January	Not booked	Not booked

July	P
August	W
September	T
October	Not booked
November	R
December	Not booked

We have,

- Only two halls were booked before Hall S.
- Hall W was booked three months after Hall S booked.
- Hall T, which was not booked as the last hall, was booked immediately after the month of Hall W.
- T was not booked in October month.
- No hall was booked in the first and the last months of the year.
- Only one month was vacant in odd-numbered months of the year.

From the above conditions, there are three possibilities.

@QuizByMickey

Months	Hall Name		
	Case 1	Case 2	Case 3
January	Not booked	Not booked	Not booked
February		Not Booked	
March			
April	S		Not Booked
May		S	S
June	Not Booked		
July	W		
August	T	W	W
September		T	T
October			
November			
December	Not booked	Not booked	Not booked

Again, we have,

- The number of halls booked before Hall W is **three more than** the number of halls booked after Hall W.

From the above conditions, case 1 gets eliminated because the number of halls booked before W is **three more than** the number of halls booked after hall W, which is not satisfied.

@QuizByMickey

Months	Hall Name		
	Case 1	Case 2	Case 3
January	Not booked	Not booked	Not booked
February		Not Booked	
March			
April	S		Not Booked
May		S	S
June	Not Booked		
July	W		
August	T	W	W
September		T	T
October		Not booked	Not booked
November			
December	Not booked	Not booked	Not booked

Again, we have,

- Hall V and Hall P were booked in adjacent months but both were booked after Hall S.
- Neither Hall R nor Hall U was booked in an even-numbered month.
- Hall V was booked in an even-numbered month after Hall U.
- Hall U was not booked as the first hall of the year.

From the above conditions, case-2 gets eliminated because Hall U was not booked as the first hall of the year, which is not satisfied.

Hence, case 3 shows the final arrangement.

@QuizByMickey

Answer: B

16. Questions

Final Arrangement:

@QuizByMickey

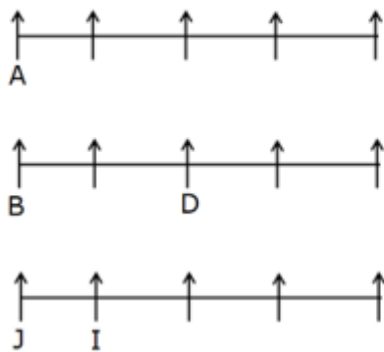

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

We have,

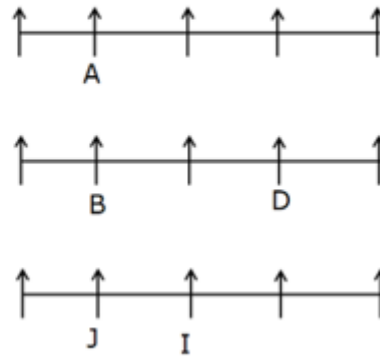

- B sits to the north of J and south of A, who visits Russia.
- D sits second to the right of B.
- I sits to the immediate southeast of B.

From the above conditions, there are three possibilities.

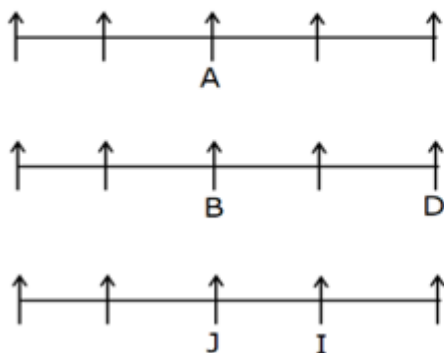

Case 1

Case 2

Case 3

Again, we have,

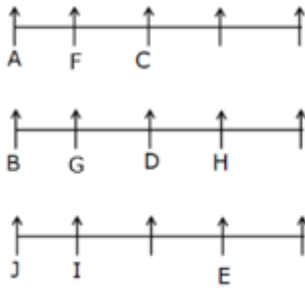

- Only one person sits between I and E.
- H sits to the immediate north of E.
- C sits to the immediate northwest of H.
- No one sits between B and G.
- Both C and J are not sitting at any extreme end of the rows.
- F, who doesn't sit left of A, sits to the north of G.

From the above conditions, Case 1 and Case 3 get eliminated because both C and J are not sitting at any extreme end of the rows, which is not satisfied.

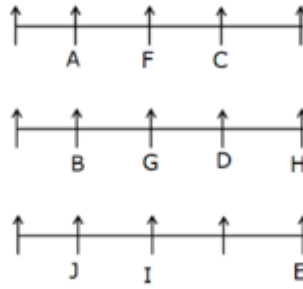

Hence, case 2 shows the final arrangement.

@QuizByMickey

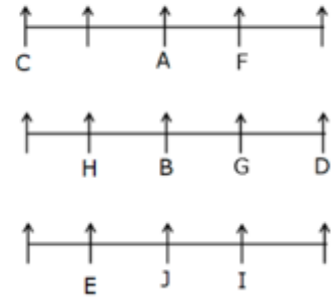

~~Case 1~~

Case 2

~~Case 3~~

Again, we have,

- B does not visit France.
- I visits the same country as B.
- E visits Greece.
- G visits the same country as only D, but both of them visit neither Greece nor France.
- Both C and A visit the same country.
- The person who sits to the immediate south of B visits France.
- The person who sits to the immediate left of C visits the same country as only the person who sits to the immediate left of I.
- H does not visit both France and the USA.
- More than two persons visit Greece.
- The person who sits to the immediate southeast of C does not visit Russia.

From the above conditions, the final arrangement is shown below.

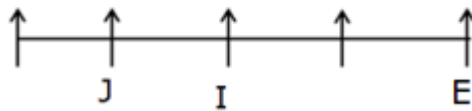

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

Answer: E

17. Questions

Final Arrangement:

@QuizByMickey

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

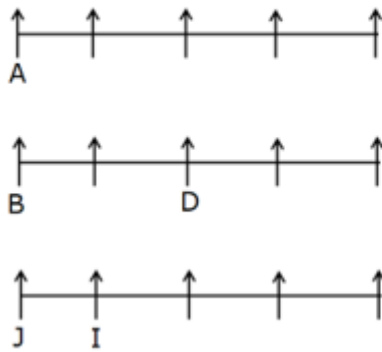

We have,

- B sits to the north of J and south of A, who visits Russia.
- D sits second to the right of B.
- I sits to the immediate southeast of B.

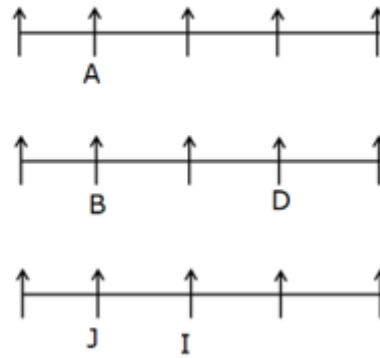

From the above conditions, there are three possibilities.

@QuizByMickey

Case 1

Case 2

Case 3

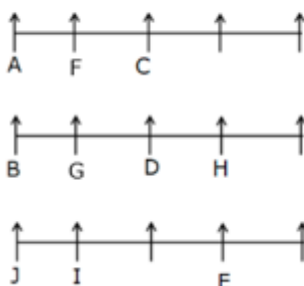

Again, we have,

- Only one person sits between I and E.
- H sits to the immediate north of E.
- C sits to the immediate northwest of H.
- No one sits between B and G.
- Both C and J are not sitting at any extreme end of the rows.
- F, who doesn't sit left of A, sits to the north of G.

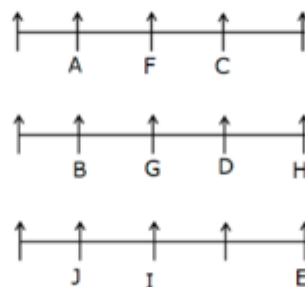

From the above conditions, Case 1 and Case 3 get eliminated because both C and J are not sitting at any extreme end of the rows, which is not satisfied.

Hence, case 2 shows the final arrangement.

~~Case 1~~

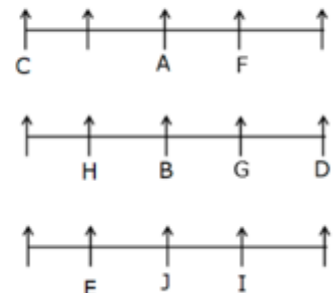

Case 2

@QuizByMickey

~~Case 3~~

Again, we have,

- B does not visit France.
- I visits the same country as B.
- E visits Greece.
- G visits the same country as only D, but both of them visit neither Greece nor France.
- Both C and A visit the same country.
- The person who sits to the immediate south of B visits France.
- The person who sits to the immediate left of C visits the same country as only the person who sits to the immediate left of I.
- H does not visit both France and the USA.
- More than two persons visit Greece.
- The person who sits to the immediate southeast of C does not visit Russia.

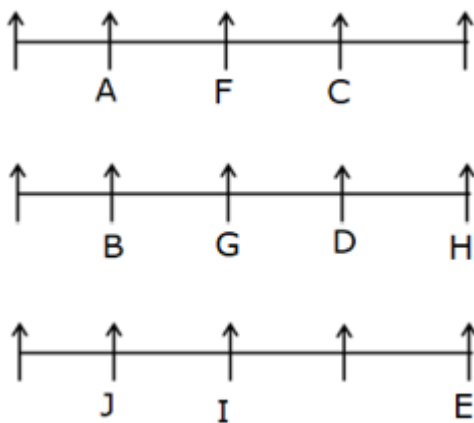

From the above conditions, the final arrangement is shown below.

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

Answer: B

18. Questions

Final Arrangement:

@QuizByMickey

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

We have,

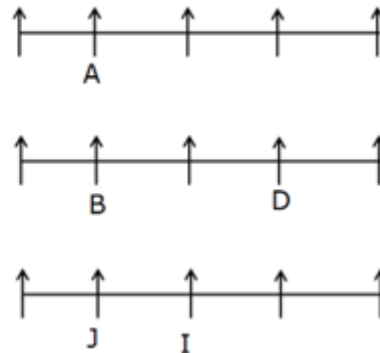

- B sits to the north of J and south of A, who visits Russia.
- D sits second to the right of B.
- I sits to the immediate southeast of B.

From the above conditions, there are three possibilities.

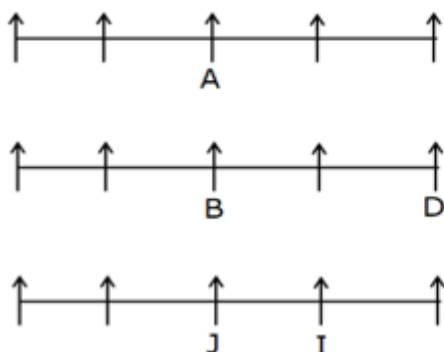

Case 1

Case 2

Case 3

@QuizByMickey

Again, we have,

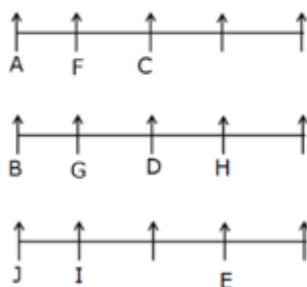

- Only one person sits between I and E.
- H sits to the immediate north of E.
- C sits to the immediate northwest of H.
- No one sits between B and G.

- Both C and J are not sitting at any extreme end of the rows.
- F, who doesn't sit left of A, sits to the north of G.

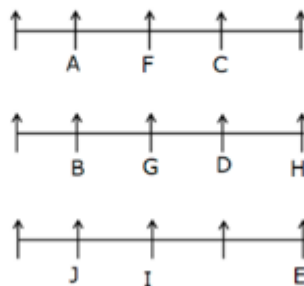

From the above conditions, Case 1 and Case 3 get eliminated because both C and J are not sitting at any extreme end of the rows, which is not satisfied.

Hence, case 2 shows the final arrangement.

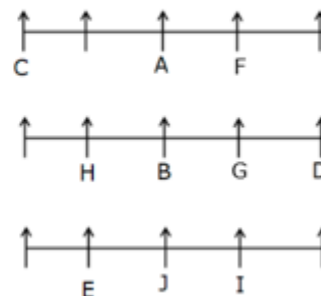

~~Case 1~~

Case 2

~~Case 3~~

Again, we have,

- B does not visit France.
- I visits the same country as B.
- E visits Greece.
- G visits the same country as only D, but both of them visit neither Greece nor France.

- The person who sits to the immediate southeast of C does not visit Russia.

From the above conditions, the final arrangement is shown below.

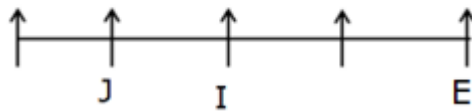

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

@QuizByMickey

Answer: D

19. Questions

Final Arrangement:

Country	Persons
Russia	A, C
Greece	B, I, E, H
France	J, F
USA	G, D

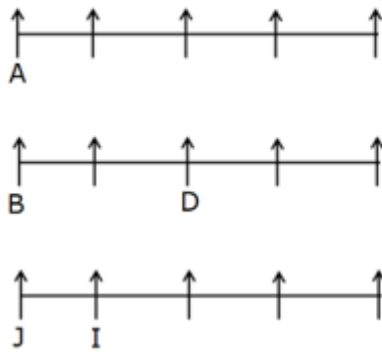

We have,

- B sits to the north of J and south of A, who visits Russia.
- D sits second to the right of B.
- I sits to the immediate southeast of B.

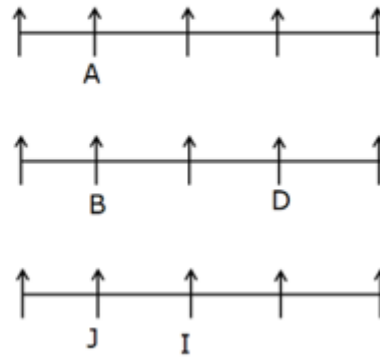

From the above conditions, there are three possibilities.

@QuizByMickey

Case 1

Case 2

Case 3

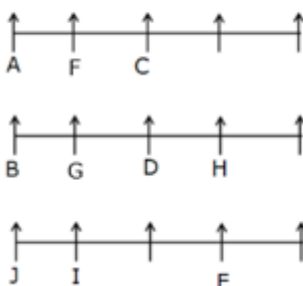

Again, we have,

- Only one person sits between I and E.
- H sits to the immediate north of E.
- C sits to the immediate northwest of H.
- No one sits between B and G.
- Both C and J are not sitting at any extreme end of the rows.
- F, who doesn't sit left of A, sits to the north of G.

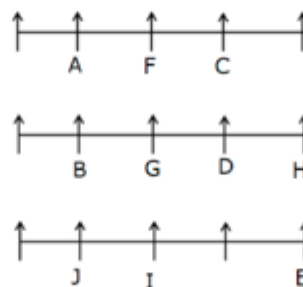

From the above conditions, Case 1 and Case 3 get eliminated because both C and J are not sitting at any extreme end of the rows, which is not satisfied.

Hence, case 2 shows the final arrangement.

~~Case 1~~

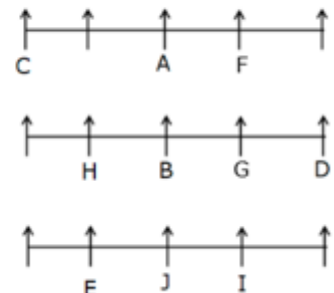

Case 2

@QuizByMickey

~~Case 3~~

Again, we have,

- B does not visit France.
- I visits the same country as B.
- E visits Greece.
- G visits the same country as only D, but both of them visit neither Greece nor France.
- Both C and A visit the same country.
- The person who sits to the immediate south of B visits France.
